The meeting was called to order at 5:00 p.m., by President Robert Davis.

Reading of the Minutes. After reading the minutes of the August 19, 2025 regular meeting, **Josh moved seconded by Dax to approve the minutes of the August 19, 2025 regular meeting, as presented. Motion carried.**

Financial Report. There were no other bills for approval other than routine payments which Scott had already presented to the County for payment.

Manager’s Report. Scott reported that he will need to mow once more for this year, and that he sent photos to the airport’s consultant on several spots of concrete pavement. He also noted that AWOS tech would be here this week to work on the AWOS repairs. Next week he is expecting another contractor to work on the crack-seal project. Scott also noted that the airport perimeter fence has been damaged in a couple of spots and repairs have been made on one already, and the other is scheduled soon. Scott also indicated the airport consultant wanted to see if we could put the airport road on the schedule for a FY2026 project. He also noted that the hanger door (hanger #28) has been damaged by the wind, and he has been contacting contractors to determine if the door has been sprung and if repairs are possible.

Next, Dax moved, seconded by Matt to approve the purchase of a Tilt and Roll Ladder, with a forty-inch platform height, for use at the fuel island to assist plane refueling for high-wing aircraft, at a cost of \$405, plus shipping. The motion carried unanimously.

Motion by Josh, seconded by Matt, to renew the tractor lease for another season. The motion carried.

Updates on Projects. Robert reported that the Gas-Capades group would like to confirm if the Airport Board preferred them to host breakfast or a luncheon for the Gas-Capades event. The consensus was to suggest a breakfast event.

The meeting was adjourned at approximately 7:28 p.m. The next meeting was adjourned until November 2025.
